| <b>Recyclink – Sustainable Construction Materials Startup</b> <a href="https://econe.vercel.app/">https://econe.vercel.app/</a><br><i>Founder and Lead Researcher</i>                                                                                                        | Jun 2025 – Present |
| <ul style="list-style-type: none"><li>Engineered a self-financing rental model priced at Rs. 650 per square meter per month, achieving a 4.3-month capital payback and a 53.5% gross margin, reducing 100-cycle lifecycle costs for contractors by over 35% within</li></ul> |                    |

a Rs. 100 Crore regional market.

- Developed a closed-loop PP-Basalt hybrid construction formwork that diverts 4.8 kg of urban plastic waste per square meter from landfills, driving a 40% reduction in carbon emissions (29.05 kg CO<sub>2</sub>e per square meter) compared to traditional plywood.
- Secured early-stage CBDE government funding and financial backing from Ekara Financials to accelerate lab-to-market prototyping; won 1st place nationally at SRCC and 2nd place at IIT Bombay's Enviropreneur Pitch Battle.
- Built a production-ready Next.js application integrating a React/Tailwind frontend with a serverless Node.js and MongoDB backend.
- Automated lead capture workflows linking custom REST APIs with MongoDB Atlas and Nodemailer to process and store inbound B2B inquiries instantly.
- Managed full-cycle deployment on Vercel, configuring cloud database networking, environment security, and CI/CD version control via GitHub.

### **LCA and Multi-Criteria Sustainability Analysis of Ceramic Membranes**

Feb 2026 – Mar 2026

*Research Contributor, VNIT Nagpur (Dr. Ajit Rathod)*

- Ranked 3 waste-derived ceramic membranes across 4 sustainability dimensions using TOPSIS and MCDM; closeness coefficients of 0.820, 0.724, and 0.000, cross-validated using MIVES and MOORA.
- Processed OpenLCA/Eco-Invent CO<sub>2</sub>e outputs of 107-119 kg per batch across 600-900C sintering temperatures for a 7-criterion decision matrix.

### **Industrial Plant Design – Butyl Acetate Production (100 T/day)**

Jan 2026 – Apr 2026

*Fluid Mechanics (CML 202), Dept. of Chemical Engineering (Dr. Sachin Mandavgane)*

- Designed a complete industrial-scale butyl acetate plant via Fischer-Speier esterification; performed material balance at 67% yield and energy balance across a CSTR operating at 110-120C, 1 atm.
- Sized 4 storage tanks (sulfuric acid, acetic acid, butanol, butyl acetate), a CSTR with agitator (4.85 m diameter, 39 kW power draw), a horizontal gravity decanter (3.29 m diameter, 38.88 minute separation time), and a 35 m packed-bed distillation column (45 theoretical stages, HETP 0.7 m, pressure drop 28.36 Pa).

## **Technical Skills**

---

**Tools:** Microsoft PowerPoint, Microsoft Excel, Python, OpenLCA, GaBi, TOPSIS, MOORA, MIVES, n8n, Replit, Lovable, AntigraVity

**Research:** Primary Survey Design, Market Gap Analysis, Literature Review, Eco-Invent Database, Visual Data Research, Prompt Engineering, Workflow Automation Design

**Domain:** Sustainability Management, Business Development, Strategy Consulting, ESG Analysis, Circular Economy, Product Management, Generative AI Applications, AI Product Architecture

## **Positions of Responsibility**

---

- Finance and Legal Director, 180 Degrees Consulting VNIT – Apr 2026 – Ongoing
- Treasurer / Growth and Partnership Manager, Entrepreneurship Cell VNIT – Apr 2026 – Ongoing
- Mentor, Introduction to Entrepreneurship (ITE), VNIT – Mar 2026 – Ongoing

## **Achievements**

---

- National Business Case Winner (Gold Medal): 1st among 4,000+ teams nationwide, StratoSync, SRCC Delhi (March 2026)
- National Business Case Runner-Up (Silver Medal): 2nd among 2,000+ teams pan-India, Enviropreneur, IIT Bombay (March 2026)
- Selected Delegate, Harvard College Project for Asian and International Relations (HPAIR) Asia Conference 2026, Hanoi, Vietnam
- National Case Winner: Pitchazzo national-level business case competition on Unstop (2025)
- 3rd Prize (Bronze Medal), Hult Prize International Social Entrepreneurship Competition (February 2026)
- Sports: Gold Medalist, Inter-NIT Handball Tournament, representing VNIT Nagpur
- Olympiads: Silver Medalist, National Science Olympiad; Bronze Medalist, International Olympiad of English Language
